SKILLS

- **Languages:** C , C ++ , Python
- **Technologies:** HTML, CSS, Java Script
- **Databases/Tools:** MySQL, MongoDB, Git, GitHub, DBMS
- **Soft Skills:** Positive Attitude, Problem solving, Team collaboration, Time management

PROJECTS

Tic Tac Toe Game | HTML | CSS | JavaScript

Jun 2026

- Developed an interactive Tic Tac Toe game with a responsive UI and user-friendly layout.
 - Implemented the game logic including win detection and draw conditions and reset.
 - Created a clean and simple UI with smooth event handling and DOM manipulation for a better user experience.
 - Strengthened my front-end development skills with this practical component structure.
- HTML | CSS | JavaScript.

Online Doctor Appointment System | HTML, CSS, JavaScript, SQL/MySQL, DBMS

Jan 2026

- Developed an online platform for patients to search doctors and book appointments.
- Implemented features for doctor profiles, appointment scheduling, and patient details.
- Designed a user-friendly interface to make doctor appointment booking simple and efficient.
- Used database management to store and manage patient, doctor, and appointment information.

GradeCalc | HTML, CSS, JavaScript.

- Developed an interactive CGPA calculator with a clean and user-friendly interface.
- Implemented dynamic CGPA calculation using JavaScript to accurately process semester/course data.
- Designed a responsive layout using HTML and CSS for a simple and intuitive user experience.
- Enhanced practical front-end development skills through interactive form handling and calculation logic.

Arduino - Based Automated Shading System | Arduino, C/C++, Sensors, Servo Motor

Aug 2025

- Developed an Arduino-based smart shade system that uses automatic shading based on environmental conditions
- Integrated sensors, Arduino microcontroller, and servo motor for automated operation.
- Implemented sensor-based logic to increase comfort, energy efficiency, and automation.
- Tested and optimized the system for reliable real-time operation.

CERTIFICATES

- Introduction to Cyber Security | [Infosys](#) Mar 2026
- Fundamental of C language | [Infosys](#) Jan 2026
- Fundamental of Python | [Infosys](#) Aug 2025
- Time Management | [Tech Veda](#) Jan 2025

ACHIEVEMENTS

- Built an interactive **Tic Tac Toe web application** using HTML, CSS, and JavaScript with game logic
- Developed an Arduino-based Smart Shade project.
- Earned certificates for relevant technical activities and programs.
- Cracked the Abhayanand Super 30 selection examination and successfully completed the program as an alumnus.
- Earned selection into Abhayanand Super 30 through a competitive selection process.

EDUCATION

- Lovely Professional University**
• *Bachelor of Technology - Computer Science and Engineering; CGPA: 7.48*

Phagwara, Punjab
Aug 2025 - Present
- Sheo Pratap H/S-Cum-Inter College**
• *Higher Secondary School; Percentage: 70%*

Hathua, Bihar
April 2024 - March 2025
- Sri K B B S H/S Kochoicourt**
• *Secondary School; Percentage: 75%*

Kochoicourt, Bihar
April 2022 - March 2023
